Welcome

i Purpose & Goal

The Kodonian Project seeks to demonstrate that the Universal Genetic Code contains an embedded signal—an intentional, structured message—suggesting a deeper informational or even extraterrestrial origin behind the blueprint of life on Earth.

1.6 2D Molecule

As outlined by Crick and Orgel (1973), pp. 16-18, we find this below. Also by referencing this, we end up there¹, as outlined in Figure 1.2. Also refer to Figure 1.1 for more details.

This is a span that has the class Crick, F. H. C., and L. E. Orgel. 1973. "Directed Panspermia." *Icarus* 19 (3): 341-46. [https://doi.org/10.1016/0019-1035\(73\)90110-3](https://doi.org/10.1016/0019-1035(73)90110-3).
